OHIO REPUBLICANS.

Doings of the State Convention Held at Columbus.

ST. LOUIS DELEGATES SELECTED.

McKinley Pledged With the Absolute, Loyal and Unswerving Support of His State at the St. Louis National Republican Convention—Platform of 1892 Indorsed—The State Ticket Complete.

COLUMBUS, O., March 12.—Although the Republican state convention was not called to order until 10:15, long before that hour the stage and auditorium of the Grand Opera House was well filled, and at the hour named the house was packed from pit to dome with a perfect mass of humanity.

It was 10:10 when Senator-elect Foraker, the temporary chairman, called for order.

The report of the committee on permanent organization, continuing the temporary organization, with Foraker as chairman, was adopted.

Congressman R. W. Taylor read the report of the committee on resolutions from the stage, and on his motion it was adopted as the party platform.

Ex-Congressman W. C. Cooper of Mount Vernon made a speech from the stage closing with offering a resolution that the four delegates-at-large to the national Republican convention at St. Louis be Senator-elect Foraker, Governor Bushnell, Marcus A. Hanna and Congressman C. H. Grosvenor. He moved its adoption. The question was put at once and carried with a shout of ayes. The negative was not put. It was not necessary.

Robert Nevill of Dayton presented the name of Dr. Joseph E. Lowes of Dayton; Senator Fleischmann of Cincinnati, John P. Green of Cleveland and J. W. Taylor of East Liverpool for alternate delegates to the St. Louis convention, and moved that they be declared such delegates. The motion was carried with enthusiastic acclamation.

Congressman Grosvenor then presented the names of L. F. Mack of Sandusky and Alfred Douglass, Jr., of Chillicothe, for nomination for presidential electors at large. These nominations were made with unanimous acclamation.

Senator W. T. Clark of Cleveland presented the name of E. W. Doty of Cayuga county for nomination for secretary of state. Emmet Thompkins of Columbus named General Allen T. Wikoff of Franklin. Ex-Representative H. M. Dougherty named Charles Kinney of Scioto county.

With these three names balloting was proceeded with as follows: Kinney, 427; Doty, 206; Wikoff, 217. As 426 was a majority, Kinney was declared the nominee for secretary of state, and on motion of Mayor McKisson of Cleveland the nomination was made unanimous.

Ex-Congressman W. C. Cooper moved that Judge Marshall J. Williams, the present incumbent, be nominated for supreme judge by acclamation, and the motion was carried.

Representative C. J. Howard presented the name of Joseph E. Blackburn of Belmont for food commissioner; L. F. Mack of Sandusky, Samuel C. Wheeler of Erie; Tod Galloway of Columbus, Henry Breker of Franklin; ex-Attorney General Richards, Dr. F. B. McNeal of Miami, the present incumbent; Senator Friend Whittlesey, F. A. Derthick of Portage. The name of A. B. Berstock of Wood county was also presented. With these a ballot was taken.

The first ballot resulted as follows: Breker, 53; Beverstock, 52; McNeal, 331; Derthick, 128; Wheeler, 33; Blackburn, 253. No choice.

The second ballot resulted as follows: McNeal, 321 1-2; Blackburn, 503 1-2; Derthick, 23; Beverstock, 2. Blackburn was declared the nominee, and his nomination was made unanimous.

For member of the board of public works the names of J. P. Smith of Auglaize, W. C. Grant of Darke, John W. Stillwell of Miami, J. T. Robinson of Seneca and Frank A. Huffman of Van Wert were presented.

The first ballot resulted as follows: Smith, 54; Grant, 63; Stillwell, 129; Robinson, 96; Huffman, 498. Huffman was declared the winner, and his nomination was made unanimous.

The eagle was made the party emblem, the state central committee authorized to fill any vacancies occurring in the state ticket, and the convention adjourned sine die.

The platform, after denouncing the Democratic administration as the most destructive and disastrous the history of our country has ever known, affirms adherence to the principles of the Republican party as defined by the national convention in 1892. The present tariff law is denounced and the free wool provision is declared an unjust discrimination against one of the most important industries of the state. The Republican party stands for a reciprocity that reciprocates and a foreign policy dictated by and imbued with a spirit that is genuinely American.

On the financial issues the platform reads: "We contend for honest money, for a currency of gold, silver and paper with which to measure our exchange, that shall be as sound as the government and as untarnished as its honor; and to that end we favor bimetalism and demand the use of both gold and silver as standard money, either in accordance with a ratio to be fixed by international agreement, if that can be obtained, or such restrictions and such provisions to be determined by legislation, as will secure the maintenance of the parities of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver,

gold or paper, shall be at all times equal."

After denouncing the present administration of the pension bureau Major McKinley was indorsed for the presidency in the following manner:

"The people of Ohio take satisfaction in the expressions, coming from every section of our common country, of popular approval of their distinguished fellow-citizen, William McKinley. The great advocate of protection, who all his life stood for America, its factories, its farms, its firesides, finds his reward in the confidence and affection of the people, whose interests have been his constant care. The Republicans of Ohio pledge him anew the absolute, loyal and unswerving support of his state at the national convention, and instruct the delegates chosen to represent Ohio to redeem this pledge."

LIEUTENANT W. C. BABCOCK DEAD.

He Had Been Ill but Ten Days, the Result of a Cold.

NEW YORK, March 12.—William Carmi Babcock, lieutenant in the United States navy, and executive officer of the United States steamship Michigan, died last night at the University club of this city, from pneumonia. In all probability the body will be taken to the navy yard on one of the government tugs, and he will be accorded a military funeral. No definite arrangements have as yet been made for the funeral until after his relatives, his brother in San Francisco and his mother in Columbus, O., have been consulted. They have been notified of his death.

Lieutenant Babcock was appointed to the navy from Kansas; he was graduated from Annapolis academy in 1871, the youngest member of his class. He served with distinction as a seagoing officer, with a blameless record in the service. He was popular in Washington society two years ago, and was appointed an executive officer of the Michigan, on which ship he distinguished himself when she went ashore last summer, remaining on the bridge 25 hours.

Lieutenant Babcock's last sea service was on the San Francisco when that ship, under Captain Watson, took part in the naval review under Admiral Gerhardt at Hampton Roads. He also served under Captain Rogers, formerly inspector of the Third lighthouse district at Staten Island, and was instrumental in establishing the success of the electric light system which lights up the harbor to New York.

Lieutenant Babcock was the second son of John P. Babcock, the distinguished lawyer from Fremont, O., and the brother of John P. Babcock, assistant commissioner of fisheries from California. His mother, Mrs. W. L. Trumbull, resides at the present time in Columbus, O.

He contracted a severe cold while in attendance for compass instruction at the navy department at Washington 10 days ago. He was 44 years of age, and a member of the Metropolitan club, Washington, University club of this city and the Seawanhaka Yacht club.

ALLEGED DIAMOND THIEVES.

They Are Supposed to Be Concerned in a Robbery at Denver.

TERRE HAUTE, Ind., March 12.—The two thieves who swindled Jeweler E. W. Leeds out of a \$150 diamond ring Tuesday by means of the substitute scheme, were brought up in court yesterday and pleaded not guilty. They gave the names of Joseph Phillips and John Johnson.

On the inside of Johnson's cuffs a microscope reveals the name of "Murphy" and "F. B. Sanger," both blotted out with indelible ink. The crooks are evidently professionals, possibly the ones who stole \$5,000 worth of diamonds at Denver on Monday. Johnson was plied, under the influence of liquor, and admitted that they came direct here from Denver. The ring they got here has not yet been found.

Convicted of Arson and Robbery.

TERRE HAUTE, Ind., March 12.—William Galkgher and Hutch McCombs, two 17-year-old boys, were sentenced to two years at Jeffersonville yesterday for arson and robbery. They pleaded guilty to firing Coleman's heading factory last July, and Galkgher also acknowledges robbing the safes of his stepfather, B. F. Boring, and W. E. Mail, the dentist. The court will recommend their transfer to the Plainfield reform school.

Big Fire at Mobile.

MOBILE, March 12.—A disastrous fire occurred yesterday afternoon on the upper wharf of the Mobile and Ohio railroad which almost destroyed the company's guano warehouse and cotton sheds, and burned 3,670 bales of cotton, intended for export. Loss, \$200,000. The cotton is insured for \$130,000 in English companies. The balance of the loss is fully covered by insurance policies of local companies.

Four Men Killed and One Injured.

HAZELTON, Pa., March 12.—A disastrous accident occurred on the Delaware, Susquehanna and Schuylkill railroad yesterday afternoon at Gum Run, when an engine attached to a coal train exploded, killing John Chambers, Jonas Stewart, Michael Boyle and Frank O'Donnell, and badly injuring William Timmony. Low water in the boiler is supposed to have caused the explosion.

Looking For Train Wreckers.

LAPORTE, Ind., March 12.—Detectives are working on the recent attempts made to wreck Baltimore and Ohio trains, near Woodville, Porter county, by placing obstructions on the track. Heavy timbers were laid across the rails, and only the vigilance of train crews averted a number of accidents that would probably have sacrificed life and property.

THE CUBAN QUESTION

Great Debate of the American Congress.

SENATOR HOAR HAS SPOKEN.

He Views the Great Question in a Conservative Light and Urges Postponement of Final Action Until April 6.—The House Passes the Postoffice Appropriation Bill—Other Doings of Congress.

WASHINGTON, March 12.—The Cuban debate in the senate has advanced to the stage of one of the greatest debates of the American congress and the speech yesterday of Senator Hoar was another eventful feature of the discussion. In this debate the senators and the crowded galleries are kept at high tension by such stirring themes as war and patriotism and liberty. Mr. Hoar's speech was notable in setting forth the conservative view of the subject and urging a postponement of action until April 6. This developed many sharp controversies with Mr. Sherman and other senators. In the main the speech was a plea for calm, dignified and judicial action instead of the excitement and disorder of the mob and the impassioned speech of orators.

Mr. Hoar characterized his colleague, Mr. Sherman, as one of the great statesmen of the country, whose name would go down in history along with that of Lincoln, Grant, Seward, Fish and his illustrious brother, and he besought the Ohio senator not to obliterate this brilliant record by hasty and unguarded action on the Cuban question.

Mr. Hoar did not confine himself to Cuba, but spoke against congressional meddling in any foreign negotiation. In this connection he paid a glowing tribute to Secretary Olney, and while differing with him politically, Mr. Hoar said the secretary of state was a clear-headed, old-fashioned Massachusetts Yankee who could be safely trusted with our foreign negotiations.

The senator added a like tribute to the sincerity of President Cleveland in dealing with the Venezuelan question, and declared that any action by congress attacking the president's course would be an attack on America.

Mr. Hoar's resolution for postponement lost its parliamentary status at 2 o'clock and went to the calendar.

Mr. Aldrich asked that unanimous consent be given that the resolutions remain their place. Mr. Morgan objected.

Mr. Sherman interposed that he proposed to keep the privileged question, the conference report agreeing to the house Cuban resolutions, before the senate. He did not intend to allow it to be put aside by this resolution of Mr. Hoar for delay.

The presiding officer announced that in view of the objection interposed by Mr. Morgan the Hoar resolution would go to the calendar.

This closed the Cuban debate for the day and the galleries were quickly emptied.

The senate then took up the Dupont case and Mr. Turpie continued his argument in opposition to the claim of Mr. Dupont.

When he closed, Mr. Pritchard (Rep., N. C.) took the floor in support of Mr. Dupont's claim, but yielded at 4 o'clock for an executive session, after which the senate adjourned.

POSTOFFICE APPROPRIATION.

Bill Passed by the House After a Five-Day Debate.

WASHINGTON, March 12.—The house yesterday passed the postoffice appropriation bill, which has been under consideration since last Friday. The feature of the debate yesterday was the attack on the "spy system" in connection with letter carriers. The salaries of the special inspectors have been paid under the current law out of a fund at the disposal of the first assistant postmaster general. This fund was cut off by the present bill, but provision was made for employment of 30 additional regular inspectors under the fourth assistant postmaster general, increasing the appropriation from \$176,000 to \$212,000.

Mr. Quigg of New York led the fight against this increase and after a protracted debate and his amendment to reduce the appropriation to \$176,000 prevailed, 70 to 57.

After the bill was reported to the house Mr. Bromwell of Ohio offered an amendment to strike out the appropriation of \$196,000 for special mail facilities from Boston to New Orleans which was retained in the bill after a hard struggle Tuesday. But his motion was defeated on a ye and nay vote, 111 to 134.

Bills were passed to authorize the construction of a bridge connecting Little Rock and Argenta, Ark., granting right of way to the Rock Island, Muscatine and Southwestern railway for a bridge over the Illinois and Mississippi canal; authorizing the construction of a bridge over the Tennessee river at Knoxville and directing the place and time of holding terms of United States district and circuit courts in South Dakota.

ST. LOUIS AUDITORIUM.

Work Has Begun on the Structure That Will Hold the Republican Convention.

ST. LOUIS, March 12.—Work was begun today on the auditorium in which will be held the Republican national convention next June, a contract and bond with Contractor Richard P. McClure of this city to build the structure for \$53,000 having been signed yesterday evening. In addition to this several thousand dollars will have to be spent on lighting and decorations, and

the total cost, it is thought, will reach \$50,000.

According to the plans and specifications the structure must be completed by May 20, and removed again after Nov. 1. The hall will be the largest that has ever been specially erected for a national convention, and will comfortably seat 14,000 people.

The Populist national convention will also be held in this hall in July.

ATTEMPT TO ROB A BANK.

Dynamite Used and Property Destroyed, but No Money Stolen.

MIDDLETOWN, O., March 12.—An attempt was made to rob the First National bank at Germantown at 20 minutes after 3 o'clock yesterday morning. Dynamite was used, the explosion wrecking the front of the bank building, destroying the furniture and only blowing off the outer door of the big safe.

The noise awakened Dry Goods Merchant Harrison Walters, who rushed to the scene with a double-barreled shotgun. He fired twice at the robbers who fled at his approach. The whole town was soon aroused. The three robbers ran half a mile west of town, where they harnessed and hitched up a horse to a spring wagon owned by Farmer Blessinger, in which they drove furiously away in the direction of this city and have not since been seen.

OVERDUE OCEAN VESSEL.

No Report From the Pacific Mail Steamer Rio de Janeiro.

SAN FRANCISCO, March 12.—As time passes and no news is received from the missing China steamer Rio de Janeiro alarm for the safety of the big Pacific mail steamer increases. The agents of the company continue to give out assurances that the vessel is all right, but the friends of the passengers and crew are not so confident.

The offices of the company are daily besieged by crowds awaiting some tidings of the missing ship, but so far their vigilance has been unrewarded. Increased anxiety is also manifested in marine insurance circles and it is said that the agents of many companies which took risks on the ship have been instructed to unload a good portion of the insurance if possible.

Ex-Bank President Sentenced.

KNOXVILLE, March 12.—J. E. Crandall, president of the defunct First National bank of Johnson City, who has been on trial in the United States court here before Judge Clark, was convicted yesterday. He was on trial under three indictments charging him with padding his books and swearing to false reports to the comptroller. Judge Clark sentenced the defendant to eight years on each of the three indictments, the terms to be served concurrently. He will be sent to the Brooklyn penitentiary.

Call to Free Silver Democrats.

CLEVELAND, March 12.—A call has been issued for a meeting of Democrats favorable to the free coinage of silver, to be held at the Hollenden hotel in this city on Friday evening March 13. The meeting will be secret, but it is said that the object is to arrange plans for the election of delegates to the Chicago convention from Ohio who are favorable to free coinage. The call is said to have come from Allen W. Thurman of Columbus. General A. J. Warner is expected to be present.

The Mysterious Double Drowning.

WINCHESTER, O., March 12.—Relatives of George Ennis and George Jones, the two Aberdeen boys who were believed to have been drowned off the head of Manchester island a few weeks ago, have received word from them that they are now employed on the towboat Ailes. Who the victims are still remains a mystery. They were certainly strangers, as nobody from this county is reported missing.

Intoxicated or Delirious.

BRONSON, Mich., March 12.—Burt Shepard slashed his wife's throat yesterday. He then cut his own throat and soon bled to death. His wife will probably live. Shepard had wandered about town all night. He appeared to be either intoxicated or delirious. He was formerly a prominent business man here.

Spain Refuses Our Offer.

LONDON, March 12.—A dispatch to The Daily News from Berlin reports that The Frankfurter Zeitung's Washington advice are that Premier Canaveros de Castillo of Spain, has refused to entertain United States Minister Taylor's proposal that Spain should grant autonomy to Cuba.

Boiler Explosion in Belgium.

LONDON, March 12.—A Brussels dispatch to The Daily News reports a boiler explosion in a steel foundry near Athus, in southern Belgium by which 12 persons were killed and many injured.

Oil Mills Burned.

VICKSBURG, Miss., March 12.—The oil mill at Clarksdale, Miss., with an immense quantity of seed, burned yesterday. Loss, \$80,000 to \$100,000; partially covered by insurance.

Masonic Block Destroyed by Fire.

WESTFIELD, Mass., March 12.—Fire yesterday destroyed the Masonic block and its contents, involving a loss of \$100,000, partially covered by insurance.

Dropping Down Daily.

WASHINGTON, March 12.—The treasury yesterday lost \$473,800 in gold coin and \$25,100 in bars, leaving the true amount of the reserve \$125,869,011.

BIG ROW IN KENTUCKY

Three Members Unseated by the Legislature.

ALMOST A RIOT FOLLOWS.

Doorway of the Capitol Blocked by a Mob to Prevent the Ousted Men From Entering—Republicans Refuse to Vote in the Joint Session and Thus a Quorum Was Broken.

FRANKFORT, Ky., March 12.—The common belief here yesterday was that the parting of the ways might be reached in the long senatorial deadlock, and politicians were prepared to receive any sort of developments without surprise. The crowd which wanted admission to the house galleries was enormous, and showed plainly the great interest felt on the outside, but to prevent a disorderly scene, such as was precipitated Saturday, the speaker kept in force the rule to admit only ladies to the lobbies.

After disposing of some small matters, Mr. Howard of Butler got up on what he called a question of the highest privilege and indicated a special order, which was the Dunlap-Kaufman contested election case. The Democrats, led by Carroll and Bickham, claimed that Dunlap's letter of withdrawal, which was read, took the matter beyond the power of the house. Mr. Lyons of Newport contended that Dunlap had only asked leave to withdraw, and that it was in the power of the house to decide what disposition should be made of the request.

Speaker Stanford ruled that the contested case was still before the house and should be voted on, notwithstanding Dunlap's action.

The vote came first on the minority report, which proposes to seat Dunlap. The vote resulted in the adoption of the majority report and the unseating of Kaufman, Democrat, by a vote of 48 to 46, the two Populists voting with the Democrats. The vote then came on the majority report, as amended by the minority report, and to prevent the carrying out of the unseating of Kaufman the Democrats rushed from the hall in a body, leaving for the purpose of breaking a quorum. Populist Edgington went out with the Democrats, but Poor remained in his seat. Kaufman was then unseated, there being 51 yeas, and Dunlap was declared seated.

Senators Walton and James, Republican, were then unseated in the senate by the Democrats in retaliation. A yell went up and a crowd formed at the door of the house to prevent the entrance of either Walton or James. Shouts of "Stand to them, boys!" and cries of "Crowd them over the banisters if they attempt to enter!" were heard.

Senator Blackburn was in the crowd, counseling coolness. The crowd was mad when they learned that James had already slipped into the house and had done so while they were unseating him in the senate. The chief of police and many patrolmen were present. Men and women rushed from the building when the yells told that the unseating had been done.

At 1:30 Dunlap approached the door, but was waved back.

Speaker Blanford of the house refused to recognize the senate, hoping that Dunlap would come in, but at 12:11 Lieutenant Governor Worthington took the gavel from Blanford almost by force and called the joint session to order.

The Republicans disputed the right of the senate clerk to call the roll.

The chairman ruled that the Democratic senate clerk should call the senate roll and the house clerk the house roll.

The senate clerk did not call the names of James and Walton. The house clerk did not call the name of Kaufman.

The vote stood: Blackburn, 54; Carlisle, 10; Backner, 1. The chairman announced no quorum voting.

At 1:10 p. m. the session adjourned. The doors were thrown open and the members filed out among the mob, all seemingly in good humor. Not a Republican voted.

BATTLE WITH BLOCKADERS.

Two Men Dead and Two Others Shot and Badly Wounded.

KERNERSVILLE, N. C., March 12.—Jim Smith has been after the blockaders again, and this time with disastrous and bloody effect. Two men in this city lie dead while Smith himself, and another officer are very badly wounded.

The killed are: Banner Jordan, a moonshiner of long standing, and Bob Jordan, father of Banner Jordan.

The wounded are: Jim Smith, revenue officer, shot in the shoulder, dangerously hurt, and Walter Davis, revenue officer, shot in hand and groin; may die.

The Jordans were attacked in their home by four revenue officers and a desperate battle followed, the moonshiners continuing the fight after being riddled with bullets.

Powder Magazine Explodes.

ST. PAUL DE LOANDO, Portuguese, West Africa, March 12.—The powder magazine in the Penedo fortress has exploded, resulting in nine soldiers being killed and 10 wounded. The explosion was due to the wilful act of one of the victims.

Defenses Strengthened.

MONTREAL, March 12.—A special dispatch from Vancouver, B. C. to The Star says the defenses at Esquimaux are again being strengthened. Seven new, heavy breechloading guns have just arrived from England.

THE WEATHER.

Fair weather; northwesterly winds.

Sun rise 6:16; set 6:04; moon rise 5:24 a. m.
Day of year 72.

THE Louisville Commercial, a Republican journal, sizes up the Republican Legislators about right. It says: "The Republicans do not seem to know where they are going nor whence they came."

THE claim that Governor Bradley is the choice of Kentucky Republican for President is not advanced except by those who hope to stand in with the Boss when the "pie" is passed if the Republicans should win next November. A poll was taken at London, Laurel County, last court day and two hundred and three were for McKinley, five for Reed and one for Allison. A number of them said that if Governor Bradley was a candidate for the nomination they would be for him first because of State pride, but that simply goes to prove he is not their choice.

REDUCTION OF TOLLS.

Important Ruling by the Kentucky Court of Appeals on the Subject.

In affirming the case of J. H. Croxton against the Winchester and Lexington Turnpike Company, taken up from Clark County, the Court of Appeals says:

1. Charters of strictly private corporations are protected from legislative interference unless the State has reserved the right to interfere, but in the case of corporations whose property is affected with a public use and which are therefore essentially public in their nature, the reservation is understood unless negated in express words or by necessary implication.

2. When the charter of a turnpike road company declared that "it shall be lawful" for the President and manager to collect and receive certain rates of toll, giving them the power to increase the rates if necessary to do so in order to realize a dividend of 6 per cent. and requiring them to reduce the rates if at any time it should appear that the income and profits from the rates fixed would yield a dividend exceeding 12 per cent., these provisions did not constitute a contract so as to take from the State its power to exercise control over and limit the rates of toll and the profits of the company in the future; and therefore no contract right of this company was violated by subsequent legislation fixing lower rates of toll upon all turnpike roads.

It does not follow that a reduction of rates will cause a reduction of dividends, and in the absence of anything to show what effect the proposed reduction of rates will have on the dividends or property of the company, it can not be said that the corporation is deprived of its property without due process of law.

The Time for Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists. 25c.

Mrs. Z. T. Young, Jr., aged seventeen, shot herself at Morehead Monday night with suicidal intent. She and her husband had separated a week before. She was a Miss Gatewood, of Mt. Sterling, while her husband is a son of the late Col. Z. T. Young. She claims her husband was squandering her estate.

A SPECIAL from Portsmouth says: "Miss Leona Runyon, a belle of Bath County, Ky., eluded her parents' watchful care and Tuesday ran away with Andrew Jackson Boling. They were married in Portsmouth by Elder Filler. J. R. Boling, a brother of the groom and a merchant of Foxport, and Mrs. Nunnery, a sister of the bride, accompanied the party. After the wedding, the groom and brother took a hack to see the sights, got full and then got into a fight with the hackman. The scene was so exciting that Mrs. Nunnery was overcome with heart trouble and had to be taken to the station house, where the men were confined to sober up. Mrs. Nunnery is in a serious condition."

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

LAFAYETTE'S VISIT TO MAYSVILLE.

He Was Accompanied by the Governor of Ohio—Incidents of the Visit.

On Saturday, May 21st, 1825, General L. Fayette arrived at Maysville on the steamboat Herald, accompanied by the Governor of Ohio.

He was met at the foot of Fish street by the Committee of Reception, Major Charles Pelham, Rev. John T. Edgar, Captain Maurice Langhorne, Johnson Armstrong, James Morrison, W. B. Phillips, William Murphy, John Sumrall, John Armstrong and Captain Stephen Lee, of Maysville, and John Chambers, Francis Taylor and Dr. J. N. Taliaferro, of Washington.

Major Pelham, of the Revolutionary war, delivered the address of welcome and the procession formed in the following order: Assistant Marshal, Light Infantry, Committee of Arrangements, General LaFayette and Hon. Jeremiah Morrow, Governor of Ohio, in a barouche; Col. G. W. LaFayette, Major Pelham and LaFayette's Secretary in open carriage, officers and soldiers of the Revolution, citizens and strangers.

The procession passed through the principal streets and drew up at Major Langhorne's hotel, where a sumptuous repast was served, after which the procession escorted the distinguished visitor to the steamer which proceeded up the river.

Among other veterans of the Revolution who were present at this ovation was Julius Levi, the old Marketmaster of Maysville, who served under General LaFayette at Brandywine and lost an eye at Bluford's defeat.

FINANCIAL IGNORANCE.

Edward Atkinson's Caustic Criticism of the Action of Certain Senators.

[Mr. Edward Atkinson in the March Forum.]

The mis-Representatives of the grain-growing and cotton-producing States in the Senate have lately voted to enable Great Britain, our principal creditor for provisions, cotton and grain, to pay our farmers for their products in bad money. This act has been done at the dictation of the attorneys of the silver miners, the products of whose mines possess an annual value of about one-third that of the hen's eggs produced in the barnyards of these same farmers and cotton growers. If financial ignorance can be illustrated by any greater depth of folly—and in some cases of dishonesty and fraud—one must seek far to find it. To this incapacity the present financial discredit, business depression, and threats of national dishonor are to be ascribed.

One of the most potent influences brought to bear by the advocates of free silver coinage is an appeal to the superficial animosity against Great Britain. One can hardly refrain from loss of dignity in characterizing the combination of folly and fraud which is exhibited by these inconsistent promoters of free silver. Actuated by animosity against Great Britain they yet propose and sustain a policy which would enable her to pay for our farm products in bad money, retaining to her own use and benefit the gold of which we hold the command whenever we choose to exert it. Our supplies of food and cotton are necessary to Great Britain in order to enable her to maintain her manufacturing supremacy over other European States while she keeps unimpaired the unit of value in gold—under the name of pound sterling—which has made London the bank-center of the world and England the place of safe deposit for the reserves of all nations in time of war. It is to be doubted whether the Senators who propose this great boon to Great Britain are actuated by very Christian motives of doing good to their supposed enemies; yet a more certain method of maintaining England's financial supremacy could not be invented than the one which has lately been supported by the votes of a majority of the Senators of the United States.

FOUR INDICTMENTS.

That's the Number Returned Against Laughlin by the Bracken County Grand Jury.

Four indictments were reported by the Bracken County grand jury at Brooksville yesterday against Robert Laughlin, the Augusta murderer.

One indictment charges him with murdering his wife; another is for murdering her niece; another is for rape; and the fourth is for arson.

The case of Jasper Sharp for killing Ann McClanahan is on trial and will take up the rest of the week, probably, so that the cases against Laughlin will hardly be reached before next week.

Laughlin's attorney, it is learned, says the defense will not be ready for trial at this term of court, and he will ask that the case be continued till June. Laughlin will have to be taken to Brooksville, however, and be in court when the cases are called.

The criminal docket at the present term of court in Bracken is unusually large there being five murder cases.

In addition to the indictments against Laughlin, several others have been returned, among them one against Harvey Workman for killing his son-in-law, William Workman.

Best of All.

To cleanse the system in a gentle and truly beneficial manner, when the spring-time comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and costs only 50 cents; the large size \$1. Buy the genuine. Manufactured by the California Fig Syrup Company only, and for sale by all druggists.

River News.

The Bonanza was last night's packet for Pomeroy.

Another shipment of coal is coming from Pittsburg.

The Wells is running between Maysville and Portsmouth while the Wave is having her hull patched.

The Keystone State will pass up tonight for Pittsburg. She will have a number of excursionists on board.

Lee Andrews, engineer on the Courier, is ill at his home in Portsmouth, and Geo. Kinney is in charge of the engines.

The Marietta Board of Trade has appointed a committee to meet the steamer Virginia on her next trip with the Congressional Committee on Rivers and Harbors, at Wheeling and accompany them down the river to Marietta.

THE woman's prayer service will meet with the M. E. Church on Third street, on Friday afternoon, March 13th, at 3 o'clock.

A CARD on the outside of office door says: "Gone to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no case of biliousness, constipation, indigestion, "heart burn," or any of the rest of the night mare breeding brood, that these little "Pellets" will not cure. They cure permanently. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Beginning Friday

We will offer every week on above mentioned day some special value for cash. The confidence of the people is the greatest asset we possess though it isn't in our bank book, and you may be assured we will do all to retain and nothing to abuse it. When we say bargain it will be one. Not a make-believe but a sure enough. We invite your best dry goods criticism. We want it. It's to our interest. The better you know values the sooner you'll appreciate our offerings and understand why cash is the only carrier that can take them away. We reduce profits to a minimum in these sales in consideration of cash. We can not give credit. The rule applies to all. Cash is king.

FRIDAY, 9 to 11 a. m.—It seems incredible but the proof of the statement is in the buying and that rests with you. Haven't you paid 25 cents for English Cashmere, cheap, cottony stuff which soon took on the grayish cast that's such an eyesore, and now comes knocking at your purse, a real all wool double width Serge for the paltry sum of 19 cents. We have it in black and colors and if you are not well skirted for the shirt waist season it's not our fault, but you will be if you are the far sighted bargain lovers, we think. What shrewd woman will miss the chance to get a 40 cents value for 19 cents.

FRIDAY, 3 to 5 p. m.—Kaikai and Habutai Wash Silks, plain and colored, for 19 cents a yard. Bring samples of buyings at other times to be convinced by the invincible argument of comparison. You never bought at any price a better quality. It's the best in the market, and the price? Well who can say 95c. is not the smallest of sums for a silk waist? Cash and two hours are the only limits of this opportunity.

AND STILL ANOTHER.

That Burglar Was Abroad Again Last Night—Visits Cummins & Redmond.

This thing is becoming monotonous. Another business house was broken open last night by that burglar who is running loose in Maysville at present.

This time Cummins & Redmond's grocery, at southwest corner of Third and Limestone, was the place visited.

The thief cracked the glass in the rear door, which opens out on Limestone street. He then removed about one-half of the glass and placed the fragments in an empty barrel standing near. It was no trouble for him to crawl through the hole thus made, and once inside he went to work on the cash register.

He was after money, but he didn't find any. He worked on the drawer of the register until he found there was no cash in it, and then quit.

If any goods were taken the members of the firm haven't missed them.

The job was done about 1 o'clock. Mr. M. R. Gilmore, who lives just south of the grocery, was awakened by the cracking of the glass, but thought the noise was caused by some coal falling out of the grate. He got up, but found nothing wrong in his room, and returned to his slumbers.

This is the seventh or eighth job of this kind committed here lately, and the burglar is still running loose. On Tuesday night he tried to enter either the Redskin tobacco factory or the Keith-Schroeder's harness store through the cellar door, but didn't succeed.

Wouldn't it be a good idea for the merchants to get some bloodhounds and run the fellow down the next time he makes a break?

Jailer Johnson authorizes the BULLETIN to say that he will keep the bloodhounds free of cost as long as he is Jailer, if the city or county will buy a couple of the dogs.

If a couple of these bloodhounds were kept here, this fact alone would deter thieves and other criminals, and prevent many a crime.

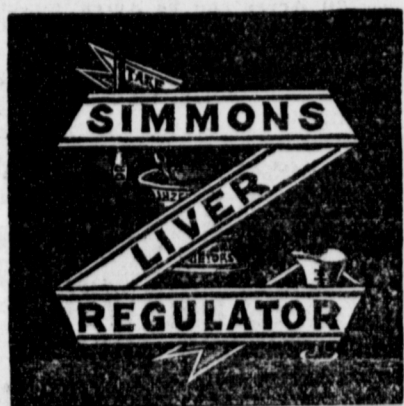

AND STILL ANOTHER.

Mr. Geo. F. Brown's grocery on East Third street was entered Tuesday night through a rear window. He didn't notice anything wrong yesterday except that the window had been tampered with. This morning when he went to get his overcoat which had been left in the store it was missing.

JUDGE WALL and ex-Senator Worthington returned last evening from Frankfort. They witnessed the stormy proceedings at yesterday's session of the Legislature, particulars of which are given in our dispatches.

The Finance Committee of the General Council at Louisville has determined to present an ordinance taxing the incomes of lawyers. Those who earn \$10,000 are required to pay \$100 into the city treasury, while no one is to be allowed to get off without contributing at least \$10 annually for the support of the city government.

JOHN GARRETT and wife of Cabin Creek were before Squire Bramel yesterday on a charge of grand larceny. The case was set for next Tuesday, and they were released on \$500 bail each. They with George Garrett are charged with stealing about \$1,500 from John Garrett, their uncle and great-uncle respectively, who died a few weeks ago. They claim the old man gave the money to George Garrett the night before he died, and that they will prove this by four or five witnesses.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

HAWKINS DEAD.

Two Negroes Under Arrest on Suspicion—The Bloodhounds at the Scene.

Thomas J. Hawkins, who was shot at Flemingsburg Wednesday morning while guarding Sutton's grocery and Cox's drug-store, particulars of which were published in yesterday's issue, lingered until about 7 o'clock this morning when death ended his sufferings.

Detective Britton, of Williamsburg, O., with his three bloodhounds, reached here on the 7:30 C. and O. train last evening. Mr. H. G. Wells, of Wells & Anderson the Market street liverymen, soon had a carriage in readiness, and left at once with Britton and his dogs for the scene of the crime.

Britton was confident his dogs will run the murderers down, although many believe the snow yesterday and freeze last night would destroy the scent.

The telephone was not in working order this morning, but a report from Flemingsburg is that two negroes suspected of the crime have been arrested. The authorities believe one of them is the guilty party. Their names were not learned.

LATER.

Only one negro is under arrest. A lot of potatoes and some groceries were found concealed in his home, it is reported, and a couple of pistols were also found. He is in jail.

A gentleman just from Flemingsburg says excitement is high and if the guilty party is caught he will be strung up on short notice.

It was the intention to put the bloodhounds on the trail at 9 o'clock this morning.

Think They Have Located Garrett. The authorities believe they have located Albert Garrett, who is wanted for shooting and wounding John Garrett near Murphysville about a week ago. They are keeping the matter quiet, until after Garrett's arrest which they expect will be made to-day, at a point on the K. C. not a hundred miles away.

ANOTHER BATTLE IN NICARAGUA. The Government Troops Again Defeat the Leon Rebels.

MANAGUA, Nicaragua, March 12.—News has been received here of another success for the arms of the government against the Leon rebels at Matapa, a village near Matagalpa, which contains a large American settlement and is only about 20 miles from the frontier of Honduras and in the department of Setentrional.

The government forces have been working northward toward the Honduras frontier in order to form a junction with the troops which the republic of Honduras has offered to President Zelaya to assist in putting down the revolt. The rebel forces made an ineffectual attempt to hinder this junction, and a battle resulted in which the rebel forces were completely routed, losing 50 killed.

A skirmish is also reported to have taken place at Nagarote, near the western shore of Lake Managua, and the scene of the recent terrible slaughter of the insurgent forces. In the skirmish small loss resulted to either side, but the rebels were driven back toward Leon.

News has been received here that reports have been sent out to the effect that Guatemala has sent troops on a German vessel to aid the Leon rebels. The report is wholly false.

Death of Colonel Richard Stites.

NEW YORK, March 12.—Colonel Richard Stites died at Morristown, N. J., yesterday after an illness of more than a year. Colonel Stites for many years was chief of the Morristown fire department, and was one of the organizers of the Exempt Firemen's association, serving as president of that body up to last year. He earned his military title as colonel of the Morris grays, a well known military organization, previous to the civil war. He went to Morristown when a child in 1832, with his parents from Savannah.

Another Duck Hunting Expedition.

WASHINGTON, March 12.—President Cleveland left the city last night at 10:30 on the lighthouse tender Maple for a day's shooting at Tidewater, five miles below Quantico, on the Potomac river. He was accompanied by Light-house Inspector Lambertson, who has been his companion on former shooting trips. It was expected that Dr. O'Reilly would be one of the party, but for some reason he did not go. The president is expected to return to the city at 10 o'clock tonight.

Governor Turney Ill.

NASHVILLE, March 12.—Governor Turney was forced to go to his home at Winchester yesterday because of serious illness, resulting from rheumatism. Advice from there report him no better. He is a great sufferer from this disease, and this severe attack has greatly alarmed those acquainted with his condition.

Dalton Gang Trying to Dig Out.

GUTHRIE, O. T., March 12.—A jail delivery has been prevented here by the discovery of an underground tunnel in the United States jail, where 112 prisoners are incarcerated. The leaders were Bill Doolin, Bill Reidler and Doc Montgomery, three members of the famous Dalton gang. The outlaws had revolvers and knives to protect themselves. Doolin says he will never wait for his trial, but will escape or die in the attempt.

Filibusters Indicted.

NEW YORK, March 12.—General Calixto Garcia, Captain Samuel Hughes, John D. Hart, Captain John Brabazon, Bernardo J. Bueno and Benjamin J. Guerrero of the Bermuda expedition have been indicted by the federal grand jury for taking part in an armed expedition contrary to the neutrality laws. All were in the federal building except Guerrero, who is sick, when the indictments were reported.

Receiver For an Electric Line.

LIMA, O., March 12.—John N. Hutchinson was yesterday appointed receiver of the Lima electric street railway on the application of Amos E. Townsend, the president, who says the company is insolvent. The property is mortgaged to the Metropolitan Trust company of New York.

Peculiar Damage Suit.

ZANESVILLE, O., March 12.—Mrs. Sarah Carter of Cincinnati has brought suit against the city to recover \$10,000 damages. She alleges that by the carelessness of the superintendent in opening a driveway the bodies of relatives were exhumed and their identity lost.

Tourists Killed.

LONDON, March 12.—A Vienna dispatch to The Standard says that two of the three missing Vienna tourists who were climbing in the Alps unguided were found dead at the foot of Martin's Wand on Rax mountain beneath an avalanche.

Possible Case of Hydrophobia.

ECKERTY, Ind., March 12.—Tuesday a poodle dog, unknown in this vicinity, entered the residence of George J. Henry and bit a 2-year-old child. Mrs. Henry placed the dog in a barrel to await her husband's return, and yesterday morning the dog was found dead. The parents now have fears of hydrophobia.

Died From the Effects of Gas.

NEW YORK, March 12.—William J. Clarke, a telegraph operator, was found dead in bed at the Imperial hotel yesterday. The room was full of gas, which was still escaping from the jet.

Walked in His Sleep.

GREENSBURG, Ind., March 12.—John Wilhelm of Osgood walked in his sleep at night, and falling out of a second-floor window, was killed by striking his head on the stone paving.

NEW YORK, March 12.—The McAuliffe-Lavigne fight last night was stopped by the police in the sixth round. Lavigne seemed to have the advantage of McAuliffe, but no decision was made.

Military Stores Burned.

BOMBAY, March 12.—The naval and military co-operative stores here have been burned, resulting in a loss of 14 lacs (about \$600,375).

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co., only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

BAD TIMES?

Well, we should say so. Those Clocks and Watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're not provided with good Clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better Watches than ours are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value. Get a timepiece; get the best; get ours.
